

# MK Prostate Cancer Support

**Did you know that at least one in eight men will develop prostate cancer? The risk doubles if you are black and more than doubles if your father or brother has a history of prostate cancer.**

We promote awareness of prostate cancer in the Milton Keynes Area and encourage men to get themselves checked. Early diagnosis can lead to successful treatment.

**We offer comfort and support. All of us have had prostate cancer or have watched a friend or relative go through it. We know how difficult it can be.**

Come to our friendly, informal meetings to hear about the latest developments and chat with others with similar experiences to yours. Family members are also welcome.

Visit our website [www.prostatemk.org](http://www.prostatemk.org) for more information, email us on [info@prostatemk.org](mailto:info@prostatemk.org) or ring us on **01908 110763** for a friendly chat.

**Registered Charity No: 1199745**

Supported by Big Yellow  
Milton Keynes
